

CHAMPION IN THE WETLAND!

OVER 5 DECADES
OF ENGINEERING
EXCELLENCE

BULL AGRO PADDY SPECIAL ROTARY TILLER.

Highly **FUEL EFFICIENT**, high performance Rotary Tiller specially made for wetland application.

FE-ROTARY TILLER

BULL AGRO, one of the pioneers in quality farm equipment manufacturers in the country and INDIA's No.1 Rotary Tiller Blades Brand; introducing the all-new lightweight paddy special Rotary Tiller makes wetland puddling more easy and profitable. Some of its unique features like waterproof dual cone floating seals, specially designed 'C or L' type blades assembly and floating depth skids provide better wetland floating, even & efficient puddling and reduced tractor load. In short, it's the new champion in the wetland with high fuel-efficiency.

An ISO 9001-2015 Certified Company

son of the soil

Hardest **STEEL BODY** Enriched with heat treated **ALLOY STEEL**

Suitable with all types of **TRACTORS**

India's No.1 ROTARY TILLER BLADES

More fuel savings...Effective puddling...
MORE PROFITS...

LIGHT WEIGHT AND LONG LASTING

FE-ROTARY TILLER

What makes BULL AGRO FE-Rotary Tiller more powerful?

- Highly Fuel Efficient Light weight design.
- Ergonomically designed for perfect Seed Bed preparation.
- No tractor tyre slippage or no stuck in the soil.
- Water/Mud - proof Dual cone floating seals for extended life.
- Oil bath lubrication on LH housing side instead of grease for better bearing life and lesser maintenance cost.
- Perfectly designed L/C blades assembly ensures better soil mixing, even puddling and no mud deposits inside the machine.
- Floating TYPE depth skid.
- Specially designed rear door for better leveling.
- Low maintenance.

REAR DOOR ASSEMBLY

Specially designed taper door for improved soil leveling to make proper seed bed

Gear Box
Single speed gear box with full support

Gear Drive
Heavy duty 6 module gear made of EN 353

Specially designed small "C/L" Type Blades

Special Dual Cone Seals

Fully Covered Top Mask

Floating type Depth Skid
